Master of Business Administration

Stamford International University

Bachelor of Engineering

Chulalongkorn University

Executive Profile

An executive leader with nearly 20 years of experience, including a decade in people management, who builds and scales high-performing AI, Automation, and Analytics functions to operate as revenue-generating engines. With a career spanning corporate turnarounds and hyper-growth tech, I specialize in translating complex data into decisive C-suite strategies, securing capital, and embedding a data-first culture to drive measurable business outcomes.

Career Highlights

 Saved 12,000+ hours annually via targeted AI & automation initiatives in FinTech.

 **Led AI Strategy & Agent Development:** Built RAG/Text-to-SQL agents & led workshops to boost productivity.

 Secured 200M THB in seed funding by developing the business plan and investor pitch.

 Empowered 600+ Users by deploying over 100 Tableau dashboards.

Professional Experience

Details reflect last 10 years

Associate Director - FinTech Data and Automation

Agoda | Global Travel Tech | Apr 2024 - Present

- Directed a cross-functional division of 10, encompassing Finance Analytics and RPA/AI teams, to identify and execute on high-impact process automation opportunities.
- Crafted the departmental AI vision and roadmap; led workshops and built AI Agents (RAG, Auto-SQL) to automate workflows.
- Orchestrated deep-dive variance analysis between financial statements and operational data, providing critical insights to leadership on revenue and cost drivers.

Head of Commercial

Really Cool Airlines | Airline Startup | Apr 2023 - Feb 2024

- Architected and scaled the airline's entire commercial division from inception, building and mentoring a team of 11 across 6 functions including Network Planning and Revenue Management.
- Developed the definitive business plan and investor pitch, leveraging data-driven market analysis to craft a compelling go-to-market strategy that successfully secured 200M THB in seed funding.

Head of Strategic Foresight & Planning

Thairath Group | Thai Media Conglomerate | Apr 2022 - Mar 2023

- Led a group-wide data transformation, establishing standardized KPI frameworks and deploying analytics systems to create a unified view of performance across business units.
- Launched a new media business unit by developing the complete business plan to mitigate content rights risks and capture new international revenue streams.
- Functioned as a key strategic advisor to senior leadership, providing data-driven recommendations on resource allocation, operational workflows, and technology investments.

Associate Director - Supply Analytics

Agoda | Global Travel Tech | Nov 2017 - Apr 2022

- Directed analytics for the Partner Programs division, transforming raw data into actionable insights and strategic recommendations presented directly to C-level leadership.
- Oversaw credit risk management and analytics for the Partner Prepaid Programs, mitigating financial exposure and optimizing partner payment solutions.
- Developed and deployed multiple high-impact machine learning models, including partner ROI/churn prediction and a proprietary Supply Health Score.
- Established comprehensive analytics frameworks for partner segmentation and evaluation, enabling more targeted and effective partner engagement strategies.

Planning Director

Nok Air | Low-Cost Airline | Oct 2016 - Nov 2017

- Played a pivotal role in a successful corporate turnaround by developing analytical models for network and fleet optimization, leading to a 15% increase in aircraft utilization.
- Conducted in-depth competitor analysis to identify market opportunities and inform strategic fleet and network decisions.
- Developed and presented the full turnaround strategy to the Board of Directors, creditors, and potential investors, resulting in the acquisition of crucial new capital.
